Shell fabric: 96% Polyester (recycled) / 4% Elastane, 295 g/m²

Wash:

These ENGEL SAFETY trousers are developed for comfort and performance in active work environments. The 4-way stretch fabric works together with an elasticated back waistband and ergonomically shaped knees to support natural movement throughout the day. A wide range of functional pockets, including a reinforced ruler pocket, ensures tools are always within reach. Buttons allow for quick attachment of hanging pockets, while a D-ring adds practical storage options. Reinforced knee pockets with Velcro closure and adjustable positioning provide reliable support for knee pads. The concealed button closure helps protect surrounding surfaces, and segmented reflective strips increase visibility. The extra wide hem allows for easy adjustment of leg length. Certified as Class 1 high-visibility clothing.

- 4-Way stretch for high comfort and mobility
- Many functional pockets
