Wash:

This ENGEL SAFETY overall is designed for flexibility, durability and all-day comfort in demanding work environments. The 4-way stretch fabric, elastic at the back of the waist and ergonomically shaped knees ensure a secure fit and unrestricted movement. Practical functionality includes multiple pockets, a zippered bib pocket and buttons for quick attachment of hanging pockets, along with a D-ring for easy access to essentials. Reinforced knee pockets with CORDURA® and two adjustment options support optimal knee pad positioning, while a reinforced ruler pocket adds durability. Hidden button closure helps protect surfaces and segmented reflective strips improve visibility. The extra wide hem allows the leg length to be extended for a customised fit. Certified as Class 2 high-visibility clothing.

- 4-Way stretch for high comfort and mobility
- Many functional pockets
