Shell fabric: 99% Cotton / 1% Antistatic fibre, 350 g/m², FR

Wash:

Flame-resistant boiler suit with double button placket and concealed press studs at the front. Chest pockets with flaps with press studs. Adjustable cuffs with press studs. Pleats and ventilation in back for better comfort. Elastic in waist. Cross pocket in the side. Back pocket with reinforcement and flap. Ruler pocket with flap. Thigh pocket with box effect for extra spaciousness. In addition, the thigh pocket has a loose bottom for increased freedom of movement. Knee reinforcement/knee pocket with bottom Velcro closure and two adjustment options for knee pad. Well thought-out design details on pockets and pleat prevent embers from settling on the fabric. Suitable for industrial laundering.

- Ingenious and functional details prevent embers from settling
- Double button placket and hidden press studs on front
- Outside pockets with button closure
- Cross pockets - both with mesh pockets that give access to own trousers
- Thigh pocket with box effect
- Sleeves with button closure
- Flame retardant
- Extra wide shortening means the trouser length can easily be extended by 6 cm (4 cm for short inseam length)
- Suitable for industrial laundering
