Shell fabric: 50% Polyester (recycled) / 40% Cotton / 10% Polyester, 245 g/m²

Wash:

Functional fluorescent boiler suit with a modern cut. Optimal fit with an ergonomically shaped knee. Two-way zip hidden by panel on the front. The fabric is durable and breathable and made from 50% re-generated polyester. The elastic in the waist ensures excellent fit and means that the boiler suit stays in place during movement. Adjustable cuffs. Breast pocket in right side with zip closure. Two spacious cross-pockets, both with mesh pockets that give access to own trousers. Two thigh pockets with Velcro closure. The left thigh pocket has an extra phone pocket and an inside pocket for storing e.g. a walkie talkie. The right side has an inside pocket for storing e.g. a ruler. D-ring on the front for attaching e.g. an ID card. Reinforced knee/knee pockets with Velcro closure at the bottom, made from CORDURA® material. Reflectors on the shoulders, in the waist, around the sleeves and at th
